### State Sales Tax Exempt Status:

You have chosen "Exempt" for your State Sales Tax status. Your order will **NOT** process until Pitsco receives a valid copy of your state sales tax exempt certificate.

If you are ordering on behalf of a tax-exempt organization then fax, email, or mail the

following information to Pitsco:

1. Team number
2. Order number
3. A valid copy of your State Sales Tax Exempt certificate.

Payment must come from the exempted entity/location for the exemption certificate to be valid. Example, if a school is tax exempt, the school must pay for the purchase; a personal credit card could not be used with the school's tax exempt status. Using an improper payment method will cause the order to be taxed.

Please submit the above items even if you have done this already for a separate team or in a previous season. You may send it:

*by email:* **ar@pitsco.com**

*by fax:* **620-235-0652**

**Billing & Payment Notice:** Pitsco is the official order processing and fulfillment partner for the 2018-2019 FTC season.

- Order invoices will come from Pitsco.
- Purchase orders and payments should be sent to Pitsco. [More info](#)
- If you used a credit card to pay for your order, Pitsco will also appear on your credit card statement.

**This order must be completed online by logging in to your *FIRST*® Tech Challenge account on the US *FIRST* website (where you entered your registration information).**
